**Subject: COVID-19 – Additional 6 months postponement of the recertification audit
Management System Certification according to ISO13485:2016 standard**

Dear Customer,

As part of the continuing COVID-19 contingency, ensuring the safety of employees/collaborators for the benefit of the entire community of customers and stakeholders is fundamental. At the same time the continuity of certification and verification activities is important. DNV GL is committed to address the critical issues in carrying out these activities, in accordance with the general and specific accreditation requirements.

For these reasons and as agreed by the Operation and Technical functions of DNV GL (with reference to the general requirements based on IAF ID 3 "Information document for the management of extraordinary events or circumstances affecting ABs, CABs and certified organizations" (chapter 3)), we inform you that your recertification audit must be completed within 12 months of the expiration of the current certificate, no 243953-2017-AQ-ARG-NA-PS Rev. 1.0. The validity of the aforementioned certificate is considered extended for a further 6 months to a maximum period of **12 months**. The Certificate will be renewed, as usual, upon completion of the recertification audit and the positive outcome of a technical review and certification decision by DNV GL.

Thank you for your support and cooperation, we remain available for any further clarification.

Sincerely,

For DNV GL Presafe AS

Zaher Kharbouthly
Certification Manager ISO13485
